

Temporary Use Sheds (enclosed Canvas Style, soft sided design, see reference examples) must conform to **Village Local Law 136-28** in regard to size, placement, use. If a Temporary designed shed is utilized year around, a Shed Permit application must be processed and request must meet local law constraints before a Permit is issued. (Fee applied when Permit is approved). Failure to comply with Village codes will have a Violation cited with a Fine imposed.

Any of these soft sided units used for a temporary use, must have a special permit application processed prior to being erected and used.

These units are much more susceptible to damage due to their temporary design, broken, damaged units must be removed if found to be damaged beyond use or causing a blight to the neighborhood.

**Please contact the Codes Office regarding any questions to these Sheds.**
